Aquasphere Pool Cleaner by Zodiac Baracuda - Above & In Ground - Wall Climber

Aquasphere Pool Cleaner by Zodiac

The Aquasphere is one of **Zodiac's best kept secrets**: It is an incredibly durable pool cleaner that performs quite well in all pool surfaces - and yet it's priced very attractively.

The excellent results it delivers are a product of its classic, time-tested design. It is basically a mature product that is robust, effective and works well.

Seeing how satisfied customers are with the Aquasphere pool cleaner performance and durability, one can only conclude this is simply Zodiac's little known quiet achiever.

Benefits:

Efficient & Effective: Armed with a heavy duty performance finned disc, proven diaphragm technology, a deflector and a high quality flexible hose it cleans the pool floor and walls with ease.

Quiet: Thanks to its sturdy design and use of proven Baracuda diaphragm technology.

Exceptionally Durable: Built using a classic, time-tested design with no moving parts and high quality materials.

Ready to Go: It is very easy to assemble and set up. Comes with complete instructions and diagrams.
